CSA to Sponsor 2010 Florida Artificial Reef Summit

CSA International, Inc. (CSA), a leader in Marine Environmental Sciences and Services, is pleased to announce that it is one of the sponsors of the [2010 Florida Artificial Reef Summit](#). Regularly involved in the construction and monitoring of various types of artificial reefs throughout Florida as well as internationally, CSA is committed to contributing to the scientific research in support of artificial reef development and sustaining Florida's fishery. This conference, scheduled to take place from 21 to 23 of January at the Hilton Cocoa Beach Oceanfront in Cocoa Beach, Florida, brings together Florida's artificial reef community to discuss current issues, the latest research, and innovative ideas for future projects. Attendees include members from all areas of the coastal environmental field focused on the construction and maintenance of artificial reefs, such as program coordinators, government agencies, scientists, volunteers, and non-government community organizations.

CSA International, Inc. specializes in consulting services for Federal, State, and private industry clients in multidisciplinary projects, integrating science and technology to evaluate environmental activities throughout the world. CSA offers a wide variety of services related to environmental management and community planning to support clients working in marine, estuarine, wetland, freshwater, and terrestrial habitats throughout the United States and overseas.
